KLDC IDEOLOGY

To setup and sustain a dialysis center dedicated to poor and needy patients regardless of their race and religion.

To Bring competent and empathetic care Love & Hope to the less fortunate, ones who are in great need of dialysis to prolong their lives.

To improve health and quality of life of those living with kidney diseases.

To provide social responsibility towards the society.

To combine the best of quality and safety in dialysis.

To follow a perfect scheduling with the process of wait listing eligible, interested patients with timely reminders.

We are committed to the achievement and maintenance of health care in dialysis.

We also have plans to extend to Nocturnal Hemodialysis in the second Phase of expansion.

service is simple, It's just not easy

when the **I**
is replaced
by **WE**
even **ILLNESS**
becomes
WELLNESS

KOMPELLA LIONS DIALYSIS CENTER

a Unit of
LIONS LIFE CHARITABLE TRUST

ABOUT KLDC

The **KOMPPELLA LIONS DIALYSIS CENTER** (KLDC) is a Unit of Lions Life Charitable Trust (LLCT), initiated after a generous donation of 200sq yards plot by **Lion K. Ammana Sastrulu** and **Laxmi Devi Murthy's** desire to establish a dialysis center, as mentioned in his election manifesto to the chair of 2nd VDG of our district.

KLDC is a first of its kind run by lions of District 320C with a first class dialysis facility offering services at affordable cost.

KLDC is an independent body with elected executive board under LLCT.

The operations of **KLDC** are exclusively monitored, executed and reinforced by the **KLDC** executive board independently.

It takes a lot of challenge to offer services at affordable price with highly trained staff to operate the most advanced equipment. And that's what **KLDC** is determined to offer with the support of philanthropists like you all.

KLDC is also working towards entering into MOU's with top Nephrology hospitals in Hyderabad to provide with advanced medical support, supervision and guidance.

CHAIRMAN'S TWEET

We the Lions are always on foot to meet the needs of local communities and the world at large. The 1.45 million members of this world's largest service organization in more than 210 countries and geographical areas unite with a core belief "**We make the community we live**" and share a common ideology "**we Serve**".

Lions Life Charitable Trust established during the year 2015-16 in our district with all your support has decided to take up the cause which was ably supported by philanthropic family **KOMPPELLA** and is named as **Kompella Lions Dialysis center**.

We can achieve the impossible when we work together is the strong motto which drives me to chair the **Kompella Lions Dialysis Center (KLDC)**. Kidney failure is a life long disorder and dialysis is something that these patients need to undergo week after week for duration of their life time. This brings families to a financial ruin meeting the expenses incurred on just maintenance and not cure.

The dialysis facilities available in the city are not at par with the growing demand. It is a known fact that dialysis is an expensive process, where a session of Hemodialysis is costing between Rs. 800 to Rs. 3500 along with a host of medication like Erythropoietin injection which is very costly.

KLDC is a project of all lions from the family of District 320C. I strongly believe with an active support by all of us we can make a dream a reality with large hearted Philanthropists to helping us.

The team work and cooperation between members is the only secret in achieving **KLDC** established. Thanks to the support of compassionate individuals, lions who are willing to help in every other way, to work together, to provide a holistic care at a subsidized cost for the less fortunate suffering from kidney disorders.

Critical success factor of this project is fund raising and lions spirit of "**We Serve**"

Looking forward to walk hand in hand in making **KLDC "A pride of District 320C"**

With Lionistic Regards
Lion A. Bhasker Reddy pmjf
Chairman
KOMPPELLA LIONS DIALYSIS CENTER.
