Environment: Wealth Out of Waste

As you are aware that energy saved is energy produced likewise recycle of waste paper as PAPER again will save not only Environment but also savewater, electricity, manpower and so on. WOW is designed to manage waste from individual households and civic bodies.

As per a study conducted by ITC, on an average an Indian city generates around 2,500 tonnes of waste every day. Since there is hardly any recycling, the waste used as a landfill, causing large scale air and water pollution.

As a part of Centennial Service Challenge LCI has proposed 25 million environmental activities, hence we proposed to collect 1000 MT of Waste Paper and handover to ITC in turn will get INR.75, 00,000/- worth of note books to be distributed to poor and govt school children.

Working Modalities:

- Clubs/Corporate houses /Companies to Collect Waste Papers .
- Collection Vehicle will pick up at door step for every one ton
- Clubs/Corporate can recommend note books to their Govt. Adopted School
- Program Launch on 1st July 2016 to 30th April 2018
